7:30am—8:00am

Registration and Continental Breakfast

8:00 am—Noon and 1:00 pm—5:00 pm

Presented by **Stuart E. Lieblich, DMD**

“Ambulatory Anesthesia: Case based focused review of techniques and complications”

The provision of ambulatory anesthesia is a vital component to the practice of oral and maxillofacial surgery. A contemporary review of anesthesia as practiced by the oral surgeon including a discussion of patient evaluation, medications and determining who can be treated in an office setting will be discussed. Actual case scenarios will be reviewed to illustrate various issues throughout the day. Included in the discussions will be some recommendations on local anesthetic use and integrating oral sedation into an oral surgery practice.

This course will enable you to:

- Understand basic medical aspects of common systemic diseases, including cardiovascular disease, diabetes, neurologic, and immunologic diseases and how they impact on our anesthesia options.
 - Review common and some uncommon medical and anesthetic emergencies that may occur in the office.
 - Provide oral sedation techniques specific for the oral surgery practice.
- Review management protocols of common medical emergencies that may occur in the office via actual case-based scenarios.

- ✓Patient evaluation and selection for office anesthesia
- ✓Cardiovascular issues: hyper/hypotension; dysrhythmias
- ✓Respiratory urgencies and emergencies
- ✓Top “Stupid” anesthetic mistakes
- ✓Oral sedation for the OMFS

ADA CER.P is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CER.P does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CER.P) through joint efforts between PDA, OMSNIC and PSOMS. PDA designates Dr. Marx presentation for eight (8) continuing education credits.
